At **ZB Group**, with more than thirty years of experience during which we have carried out projects in more than 20 countries, we specialise in the design, manufacture and assembly of machinery for aggregate and mineral treatment.

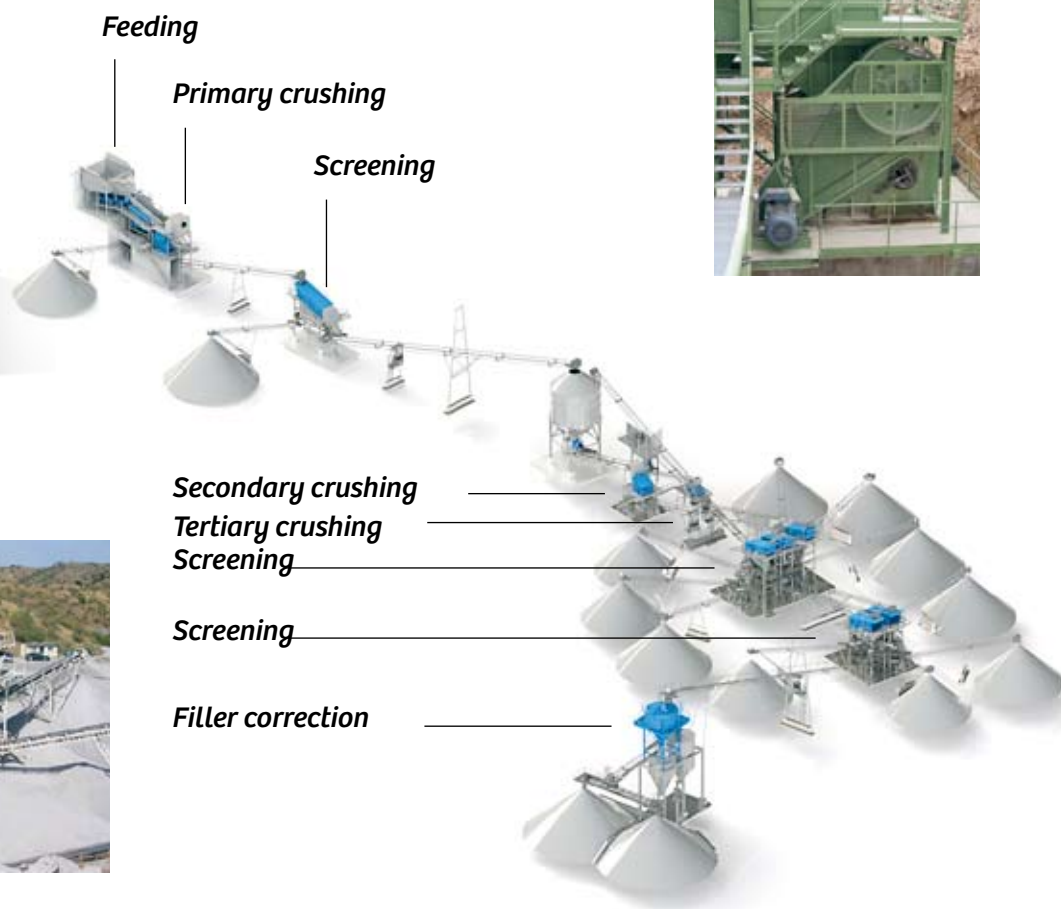

Our plants with production of up to 1000 t/h are designed to suit the needs of each client, depending on the aggregates or minerals to be treated and the different products to obtain.

Our Technical Assistance and After-Sales Services take care of the development and ongoing assistance of our customers.

Stationary Plants

SZB 7

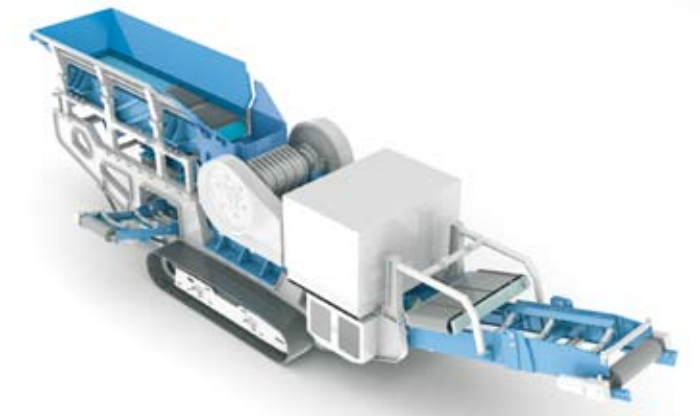

Mobile Units

Mobile crushers on chains or tracks with productions of up to 300 m³/h.

- ▶ Range of jaw crusher mobile units
- ▶ Range of primary impactor mobile units
- ▶ Range of secondary impactor mobile units

Different options incorporated for separating and cleaning aggregates.
